Nayak,

Thank you so much for your kindness and time in taking a look at this. There is some urgency in that the state of Alaska is in the midst of their Triennial Review of state Water Quality Standards, and also developing their first big APDES General Permit, for Oil and Gas Exploration activity discharges into Cook Inlet. ACED has indicated willingness to review and consider Seldovia's work, and that they're anxious to get this report. We've advised Seldovia to wait and make revisions before releasing it. I'm happy to try to answer any general questions you might have, and I'm forwarding Seldovia's data and contact information here incase that might be helpful.

Thank you again,

Katherine Brown, M.S.

Miss Katherine,

I forgot to add the database to the last e-mail yesterday. I looked at printing a hard copy of this to send as well but it just looks all funky and broke apart like a puzzle so I hope this electronic version will be sufficient.

Thank you,

Michael

Thank you, Lon,

I will have a look at it and see what I can offer. Is it urgent or is there a deadline coming up?

Best wishes,

Nayak

Hi Nayak,

Here's the Seldovia report and my comments on it. Thanks for being willing to take a quick look at it!

I've CC'd Katherine Brown, a tribal grants coordinator who has been instrumental in moving the project forward.
